

Ohio Historic Family Farms

Governor John R. Kasich
Lt. Governor Mary Taylor
Director David T. Daniels

Ohio Historic Family Farms – Ohio Department of Agriculture, Office of Communication
8995 E. Main St., Reynoldsburg, OH 43068
614.752.9817 centuryfarms@agri.ohio.gov
www.agri.ohio.gov

How to Register

- The farm must consist of ten or more acres devoted to agriculture use. If under ten acres, the farm must produce an average yearly gross income of at least \$2,500. Land under a land retirement or conservation program in agreement with the federal government qualifies.
- All six sections of the registration must be completed in full.
- **Include deed documentation** (copies **must** accompany this form), and can be researched through the local County Recorder's Office. Please obtain a **complete copy** of each deed, including signature page and filing information (deed book, volume and page).
- When reviewing deeds, in addition to checking names and dates, we look for:
 - A consistent description of the land; and
 - An unbroken chain of title (Person A to B, B to C, etc.). If a deed is unavailable for a particular transfer – especially in earlier years – please check for the existence of a transfer by will, and provide a copy of that documentation. For questions, email centuryfarms@agri.ohio.gov or call (614) 752-9817.
- **Include an 8.5" X 11" map** from the County Auditor's Office showing farm boundaries, homestead, existing roads and buildings, cropland, pasture, woodlots, and other features such as ponds or wetlands.
- **Include at least one current photo** of the farm. Additional photographs of buildings and structures are welcomed and encouraged.
- **No materials or photos will be returned to you.** All submissions become property of the Ohio Department of Agriculture. By submitting this registration, you hereby consent to the Ohio Department of Agriculture's use of any material submitted for promotional and/or educational purposes.
- Owner(s) or family member(s) must ensure validity of the registration by completing Section 6.

Ownership Rules

- The same family must have ownership (title of the land or proof of land contract) for a minimum of 100 consecutive years. Leasing or sharecropping does not qualify as ownership. Note: Land in the process of being sold or transferred to a non-relative is not eligible.
- Line of ownership from the first family member owning the land may be through wives, husbands, children, brothers, sisters, nephews, nieces, aunts, uncles, or cousins. Legally adopted family members are recognized equally with blood relatives.
- For land in a trust or in the name of a corporation: proof must be submitted that the land remains in the family by submitting a copy of the articles of incorporation showing that only family members are members of the corporation or a copy of the trust document showing that only family members are beneficiaries of the trust.
- Upon registering in the Ohio Historic Family Farms program: in order to keep the historic designation, the family must continue ownership of the farm and the farm must continue to be engaged in agricultural activities.
- A farm in the same family for:
 - 100-149 years will receive a Century Farm designation;
 - 150-199 years will receive a Sesquicentennial Farm designation;
 - 200 or more years will receive a Bicentennial Farm designation.

Ohio Historic Family Farms

Section One: Present Owners

Name of Owner (as it appears on the deed): _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ E-Mail: _____

Name, address, & phone number of relative to contact if we are unable to reach you:
